2. Comment. The slaughterhouse at Erfurt-Ost belongs to the ration supply depot at Erfurt-Marbach. It dispatches meat and sausages.

3. Comment. Outgoing shipments included 170 carloads in December 1952, and 151 carloads, without shipments from the slaughterhouse, in January 1953, and 178 carloads in February 1953. The rate of outgoing shipments remained about that of the preceding months. This indicates that the ration strengths of the Eighth Gds Army remained unchanged during the last half year. Almost all receivers are units of the Eighth Gds Army.
